

Juvenile Justice Behavioral Health (JJBH) ECHO

For more information, please contact our JJBH ECHO coordinator, Heman Gill.

Phone: (415) 205-2819
Email: heman.gill@ucsf.edu

WHY Project ECHO JJBH?

- Expand access to best-practice behavioral healthcare for system-involved youth.
- Provide opportunities for peer and community-based learning and support.

WHAT is Project ECHO JJBH?

- Tele-mentoring model to build providers' capacity to deliver best-practice behavioral healthcare to system-involved youth.
- Includes specific mentoring and support on providing telehealth services.

HOW does Project ECHO JJBH work?

- Providers from multiple locations connect at regularly scheduled times with a team of specialists using Zoom videoconferencing.
- Sessions feature case-based learning and short, engaging didactic presentations.
- No cost to participate.
- Participants receive Continuing Education Units (CEUs).

Survey Opportunity

- Complete 3 confidential online surveys (15-30 minutes per survey).
- Receive a gift card for each completed survey (up to \$75 total).
